Jonathan,

Circling back, unfortunately due to the latest press/legal matters you have been involved with we are unable to move forward with your participation in G&S.

Just no room for static on the project. Its really unfortunate but I hope you can respect the decision.

Best of luck on your future endeavors.

I really need this producer credit to improve my online reputation because of the dicello levitt and Haba

Please don't believe their lies that's why they dismissed the case before deposition because they just want to try to extort money from me
